

The object of *DJ Wild Stud Poker* is to get a higher five-card poker hand than the dealer. The game is played with five wild cards—the four deuces and one joker. *DJ Wild Stud Poker* also offer the optional Trips side bet.

GETTING STARTED

You make equal bets on the Ante and Blind to play the game. You may also wager on the Trips side bet.

You will then get five cards and make a decision:
Fold or make a Play bet of 2x your Ante.

WINNING & LOSING

The dealer will then reveal his five cards and announce his hand. If the dealer beats your hand, your Ante, Play and Blind bets lose. If the dealer ties your hand, your Ante, Play and Blind bets push. If your hand wins, your Ante and Play bets pay 1 to 1 and your Blind pays according to the payable (see layout).

TRIPS BONUS

The Trips bet wins if you have three-of-a-kind or better. Natural hands pay more than ones that use wild cards. Not all hands with a deuce are considered “wild.” If the deuce is not used as a wild card to make a winning Trips hand, it will be considered its natural rank. You may use the deuce as a wild card in the base game and use it as a natural for the Trips bet. See layout for odds.
